INTRODUCTION

Nucleus Ventures (Nig.) Limited (NVNL) was incorporated in 1987 by professionals and investment conscious Nigerians who were interested in development of the economy through activities that were geared towards investment creation in Nigeria, especially in the manufacturing, Agriculture, commerce and oil and gas sectors. NVNL has at its focus; rapid development of Nigeria's rural subsistent economy via value added processing, production and export marketing.

It is no gain saying that a lot of economic problems facing Nigeria can be solved through the encouragement of investment in the Agriculture and Industrial sectors of the Nigeria's economy. A versatile and viral productive sector, will increase employment generation, increase gross domestic product GDP, foreign exchange conservation and reduce social vices.

It is against this background that the company was established principally to encourage investment in the agro industrial processing sector of the economy.

NVNL assists potential investors in:

- **Project Identification**
- **Pre-Investment studies, reports, surveys etc.**
- **Organization of Training programmes and capacity building**
- **Business plans, viability\feasibility studies.**
- **Technical\commercial studies.**
- **Financial prospecting.**

- **Design, Fabrication and operation of agro and allied processing machineries.**
- **Establishment of Agricultural and industrial concerns.**
- **Production and supply of Agricultural inputs such as seeds, seedlings, fertilizer, machineries and other farm inputs.**
- **Project compliance monitoring, Evaluation, monitoring and control.**

We also offer logistical to many NGO'S, CBO'S and cluster groups etc.

The goal of NVNL is to develop a sound agro processing technology base in Nigeria, support agricultural based industries attain international competitiveness and sustainable development of rural areas while ensuring food security, poverty alleviation, and environment sustainability.

OUR SERVICES

The company has successfully established itself in the following areas.

- (i) Investment consultancy in Agriculture, food processing, manufacturing
And oil and gas sectors of the Nigerian economy.**
- (ii) Design and fabrication of agro processing and small - scale industrial machines.**
- (iii) Other specific areas of service include feasibility studies preparation, project set up management services, supply of cottage industrial machines, and automotive industries trading.**
- (iv) Production and supply of farm in puts such as seeds, seedlings, fertilizer and other farm inputs.**
- (v) Financial Assistance prospecting and micro credit finance.**
- (vi) Commodity trading**
- (vii) Procurement and supply to industries in the Food Processing, manufacturing and petroleum and transport sectors.**
- (viii) Other services: Company incorporation, procurement of Export Licenses, Expatriate quotas and trade mark/name registration.**
- (ix) Training programmes and capacity building activities.**

3. MANAGEMENT TEAM

The company is managed by qualified and experienced Nigerians listed below:
